Our most popular activities include beginner to advanced tennis clinics, lessons and leagues, group & personal fitness classes as well as summer water aerobics.

The fitness room has multiple cardio machines, dumbbells and strength training machines all designed for ease of use, and if you need help getting started we can assist with an overview of the equipment or by working with our personal trainer.

In addition we have a massage therapist on site to help you relax. She offers many different types of massages including deep tissue massages to help remove any additional stress from working out.

## Santa's Visit

Santa Claus stopped by the Clubhouse on Sunday, December 15 to have brunch with just over 170 members and residents! It was a magical day watching children spend time with Santa—for some it was their very first time meeting him.

The atmosphere was merry & bright, the food was delicious and Santa had a long list to take back to the North Pole! A big thank you to everyone who attended as well as Eric Glenn Photography for capturing many special moments from the event!

*Ho! Ho! Ho!*
